Required Inspections

In order to receive final approval for your project, scheduled inspections must be performed by the City Administrator at various phases to assure compliance with building and zoning codes. Requesting necessary inspection is the responsibility of the contractor or permit applicant. If you fail to notify the City Administrator you will be subject to fines. Normally we offer same day response to complete the inspection, provided inspections are requesting Monday-Friday (holidays excluded) between the hours of 9:00 a.m. to 5:00 p.m. The phone number for inspection requests (402)759-3109.

Stage One is the Initial Inspection-The City Administrator will be inspecting your property and taking pictures to be placed with your permit application. Please put your estimated date you will be to this point: _____.

Approve or Deny

Kyle Svec, City Administrator

Date

Stage Two is the Halfway point Inspection-Please call the office to set up a time for the City Administrator to inspect the permitted property before pouring any footings for building. If no cement is going to be used, please call when the framework is completed. Please put your estimated date you will be to this point: _____.

Kyle Svec, City Administrator

Date

Stage Three is the final inspection-Please call the office to set up a time for the City Administrator to inspect the permitted property when the project is completed. An additional set of pictures may be taken at this time to be placed with your building permit. Please put your estimated date you will be to this point: _____.
